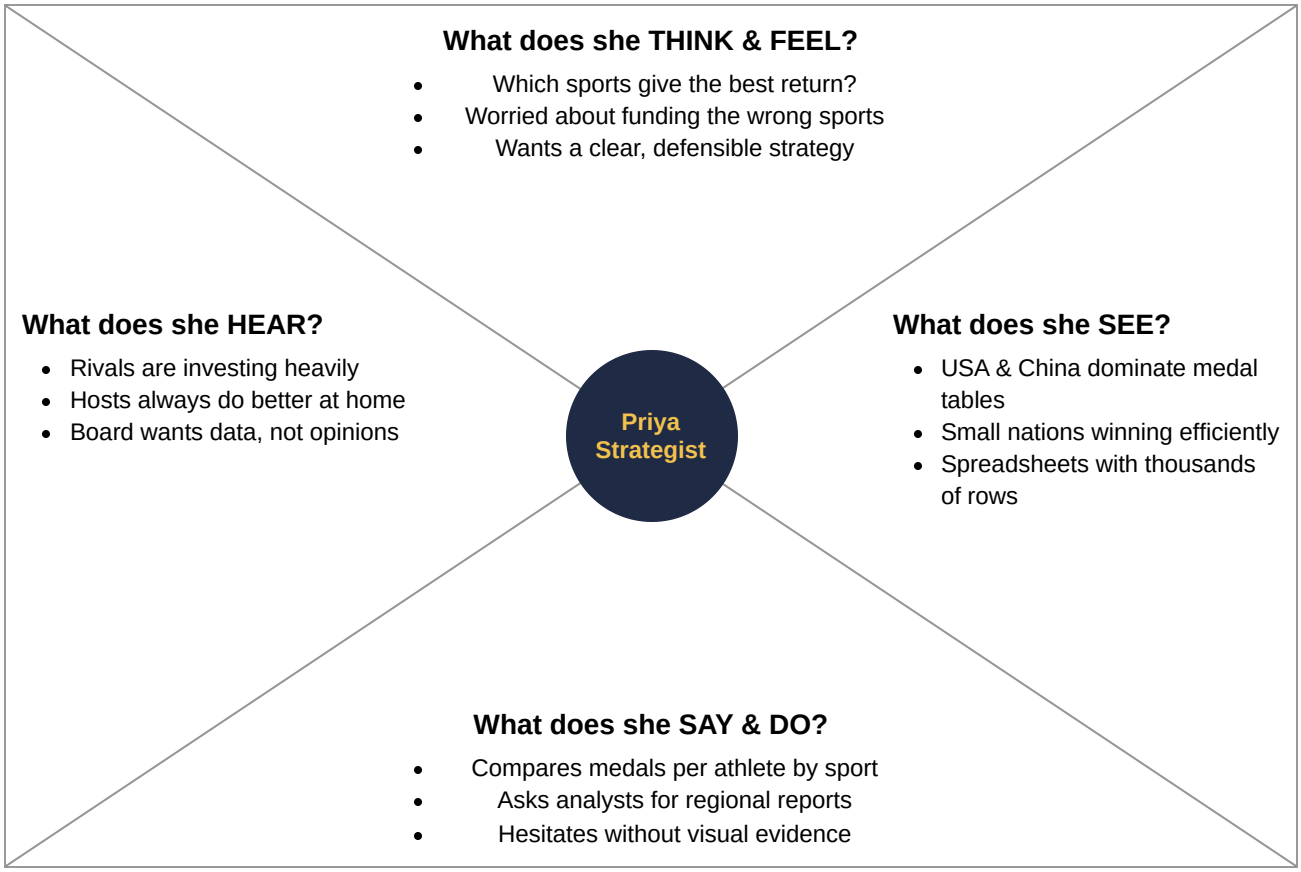
Empathy Map Canvas

An empathy map captures what a target user thinks, feels, sees, hears, says, and does — helping design a dashboard that truly answers real questions. The persona below represents a National Olympic Committee performance strategist using this project's Tableau dashboards.

Persona: Priya — National Olympic Committee Performance Strategist



Pain	Gain
• Hard to compare sports by medal return • No single view of regional efficiency • Overwhelmed by scattered multi-file data	• Clear ranking of high-yield sport categories • Instant view of efficiency and investment by region • Faster, evidence-based funding decisions
